• Performance
RHYTHM

Enovate Medical WoWs provide physicians and clinicians with secure, seamless access to patient data, when and where they need it most.

*LEVERAGE THE POWER OF IGEL READY MOBILE AND FIXED POINT OF CARE EHR WORKSTATIONS*

- Extend the life of aging endpoint hardware
- Optimal Performance and Runtime
- Easy system wide software updates with Universal Managment Suite (UMS) and Rhythm Asset Managment Software
- Optional Imprivata Single-Sign-On
- Longer Battery Life with Fewer Battery Replacements Over Time

IGEl OS - 1.2GB
Windows 10 - 16GB

Corded Envoy w/Medbins

Operating System	Runtime Hours
AIO/ Windows 10	11.8
Intel NUC w/ Windows 10	12
AIO/iGel OS	12
Intel NUC w/ iGel OS	13.4
IGEL thin client	18.6

Encore EcoFlex MPP

Operating System	Runtime in Hours
AIO/ Windows 10	6.6
Intel NUC w/ Windows 10	7
AIO/iGel OS	7.3
Intel NUC w/ iGel OS	8.2
IGEL thin client	11.2

The power efficiency of an IGEL endpoint combined with Enovate Medical's unique EcoFlex Power Management System maximizes battery life resulting in fewer battery replacements, clinical disruptions, and greater mobility in continuous use settings.
