

## VEHICLE MOUNT TERMINALS MFT1x/MFT1xSE

### Robust all-rounders on picking vehicles

- ✓ Versatile applications, Suitable for deep-freeze and outdoor use
- ✓ High robustness due to IP65 protection
- ✓ Secure and stable Windows® 10 IoT Enterprise operating system
- ✓ Individual configuration and numerous keyboard variants
- ✓ Increased reliability due to integrated energy buffer

Entire warehouse environment

Incoming / outgoing goods

Stock taking

Industry

## MFT10/MFT10SE

The 10" terminal for normal applications

## MFT12/MFT12SE

The 12" terminal for a large display

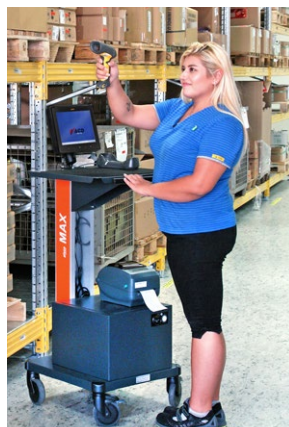

## MFT15

The 15" terminal for special requirements

	MFT10	MFT10SE	MFT12	MFT12SE	MFT15
<b>Display</b>	10.4" TFT colour screen XGA/SVGA		12.1" TFT colour screen XGA		15" TFT colour screen XGA
<b>Touchscreen</b>	resistive/capacitive		resistive		resistive
<b>Processor</b>	Intel Celeron Quad Core 4x 1.83 GHz (N2930, Bay Trail-M)	Intel Atom QuadCore up to 4x 1.8 GHz (x5-E3940, Apollo Lake)	Intel Celeron Quad Core 4x 1.83 GHz (N2930, Bay Trail-M)	Intel Atom QuadCore up to 4x 1.8 GHz (x5-E3940, Apollo Lake)	Intel Celeron Quad Core 4x 1.83 GHz (N2930, Bay Trail-M)
<b>Flexible connection options</b>	4x USB 2.0, RS232	1x USB 3.0, 3x USB 2.0, RS232	4x USB 2.0, RS232	1x USB 3.0, 3x USB 2.0, RS232	4x USB 2.0, RS232
<b>Countless options</b>	Integrated battery, various mounts, keyboard variants, virtual keyboard				

For faster work sequences picking processes

Flexible areas of application

Optimization of picking processes
